

# LED & Fibre Optics

WAAPA Lighting Studio  
Bradford Street, Mount Lawley  
Monday April 16<sup>th</sup>  
6pm - 8.30pm

Visit [www.alia.com.au](http://www.alia.com.au) for up to date details and to register your attendance

LEDs and optical fibre have swept through the worlds of decorative and effects lighting, bringing with them new ways of designing with light.

Today, no set is complete without a dynamic LED matrix and every bar, club or even café that opens uses LED lighting and optical fibre.

ALIA's very popular and informative LED and Fibre Tech Expo is coming to Perth. To see the latest developments in these technologies, and speak with the people who know all about them, come along to the WAAPA Lighting Studio.
