

THE NEXT GENERATION

The Next Generation - the new MAC700 Wash has arrived! Together with its partner, the MAC700 Profile, this new unit continues the tradition of the first generation MAC500 and MAC600. Ground breaking technology with outstanding reliability are common features of the MAC700 series. The MAC700 Wash has new enhanced features such as variable zoom, variable beam shaper and ultra quiet operation. There is much, much more of course, so we invite you to the official Australian launch of this amazing new Wash light to see the difference that the Next Generation delivers.
